### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: no prior art has been found or submitted that either teaches or fairly suggests the product or production of the alkoxylated trimethylolpropane ester as formula I in claim 1, a crosslinked hydrogel using such ester polymerized with (meth)acrylic acid or its production or the composition prior to production as a hydrogel, as recited in claims 19 and 20, as herein claimed. The instant claims recite an ester having a recited number of propylene oxide units and a recited number of ethylene oxide units, in a particularly claimed specific arrangement of PO and EO units, all as recited in claim 1, which is not shown nor suggested by any prior art. As such, since there are no other outstanding issues with regard to the clarity or enablement of the claims, these claims are deemed to contain allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
